" Santorini Panorama"

(Premium Santorini's Wine Degustation)

What to expect:

OIA

Famous for the sunset, Oia village offers a spectacular picturesque view of whitewashed houses and blue dome churches. Oia tumbles down the steep incline from the top of the caldera towards the water. Discover the graphic cobble stone pathway with a local guide and admire the stunning view of the Caldera.

IMEROVIGLI- FIROSTAFANI

From the edge of the caldera, you will be able to admire the colorful rock formations and the most photographed blue dome chapel where lots of couples get married!

PROPHET ILIAS MONASTERY

The monastery was established in the 18th century. The view from the highest point of the island (567 meters) is more than rewarding. You will enjoy the striking view and the fresh air. The monastery of Profit Ilias has a great history through centuries. From 1806 to 1845, greek language was taught. Books and ethnographic material was gathered. The monastery suffered a serious damage in 1956. but the monks until now produce wine and candles.

MEGALOCHORI

The traditional village of megalochori is well known for the historical homes, mansions and the bell tower of 'Marmita' church. Prehistoric settlements and vineyards are waiting to be discovered. All cobbled streets and edge pathways lead to the square of the village. The local guide will provide you with detailed explanations about history and tradition.

VENETSANOS WINERY

The first industrial winery of the island. It was built by Georgos Venetsanos at the edge of the Caldera so to make use of the force of gravity. The view from the winery is impeccable and the local delicacies combined with wine are the perfect way to embrace the flavors and the tradition of Santorini.

BLACK BEACH

Black Beach is a 5 kilometers black sandy beach located only 10 km from Fira. It's the perfect way to finish our tour with a relaxing walk along the beach.
